

July 1, 2023

Greetings Mambas,

Welcome to the 2023-2024 school year. We are glad you are joining us, as we embark on another exciting year of fun and learning at Success Work Academy. We look forward to this year of student growth and empowerment while watching each young mind blossom and walk in their individual purpose and power!

This year we are renewing our commitment to excellence in all that we do, as we continue to provide outstanding individualized instruction with the expectation that all students learn and succeed. It is our full pledge and commitment to continue to provide students with individualized support to enhance academic strengths and close any academic gaps. We will continue to provide the opportunity for our high school scholars to participate in advanced academic classes and Dual-College Enrollment. Our schoolwide focus will continue to be reading and writing through **STEM** pathways. It is critical that **Leaders of Change** be able to express themselves both verbally and in writing.

The research is clear that when parents and schools work together, the impact on student performance is limitless. Therefore, we look forward to continuing our partnership with our stakeholders on this journey of academic success as we positively develop these young brilliant minds.

Thank you,  
Valanitta Jingles
